

# RESIN GRANITE FLAKE

Coloured Vinyl Flake

## DESCRIPTION

**Coloured vinyl flakes designed for use in all types of decorative flake flooring systems.**

The flakes come in a range of 8 popular colour combinations, and feature a specialty blend of micro, small and large sizes to give a more authentic granite look.

## USES

Common uses for Resin Granite Flake include decorative flake flooring systems in:

- Garages
- Homes
- Patios
- Car Parks
- Retail Outlets
- Cafes/Restaurants
- Kitchens
- Aged Care Facilities
- Offices
- Schools
- Toilets & Changerooms
- Walkways

## PRODUCT DETAILS

Type: Vinyl flake in specialty blend of sizes.  
 Colour: 8 colour combinations - see colour chart.  
 Pack Size: 10kg buckets.

## BENEFITS

- ✓ Creates an authentic, modern granite finish.
- ✓ Water-based technology.
- ✓ UV-stable.
- ✓ Compatible with all major resin types.

## COVERAGE

As per application requirements. Typically 1-2m<sup>2</sup>/kg for full coverage.

The theoretical yield for full coverage is:

**10kg bucket @ 2m<sup>2</sup>/kg = 20m<sup>2</sup>**

# RESIN GRANITE FLAKE

## PRODUCT NOTES

---

- Presence of fines in the flake blend can increase resin absorption and reduce topcoat coverage. Typical coverage using Ezypoly is approximately 5m<sup>2</sup>/L (compared to 8m<sup>2</sup>/L with the 6mm Resin Vinyl Flake).
- Do not apply flakes in the rain.
- Flakes are random in shape and sizing due to manufacturing process.
- While flakes are UV stable, the overall UV performance will be determined by the coating system used.
- Test prior to use if unsure of resin compatibility.

## APPLICATION

---

Broadcast the flake immediately after basecoat application. Wear spiked shoes to walk around on the freshly laid epoxy without leaving prints.

Can be applied by hand or pneumatic/electric/petrol hopper-blower gun.

## STORAGE

---

Store flakes in sealed, original buckets at room temperature and in a dry environment to avoid moisture-related product degradation. Seek advice from your local council regarding accepted disposal methods.

## FIRST AID

---

### **CAUTION: KEEP OUT OF REACH OF CHILDREN.**

IF ON SKIN: Rinse skin after manually handling and wash contaminated clothing before re-use. IF IN EYES: Rinse cautiously with water for several minutes. IF INHALED: Remove person to fresh air. IF exposed, concerned, unwell or irritation persists: Get medical advice/attention.
