Resin Flooring

ABOUT REAL WORLD EPOXIES

For over 20 years, Real World Epoxies has been manufacturing high-quality, proven products for resin flooring installers that want to get the job done right – the first time!

This is important because these businesses have battled for far too long in an industry with no association or best practices, and many suppliers chasing each other in a race to the bottom.

To go mainstream and sit alongside tiles, carpet, timber and vinyl, we've got to make it easier to choose, install, maintain, and, most importantly, to trust.

For this, we offer our clients the following promise:

To only supply proven, reliable, safe products, with no sales talk, and a commitment to help get the best possible outcome for their projects.

WHAT YOU CAN EXPECT

PROVEN QUALITY

- Our solventless products have proven themselves in the field for over 20 years.
- We will never supply a product we haven't developed or fully tested ourselves.
- We don't compromise the quality of our raw materials for cheap substitutes - ever.

GREAT SERVICE

- Helpful, honest advice - if our products aren't suitable for the job, we'll tell you. No pushy sales talk.
- Exceptional technical support, from specification and troubleshooting through to handover and warranty.
- We will do everything we can to get your order to you ASAP.

STRONG SUPPORT

- We support our products from start to finish and honour our warranties.
- Full product and system documentation available before your work begins.
- Written project specifications provided on request.

OUR PRODUCTS

When to use Artepoxy:

To get the best possible finish on stunning decorative floors - whether that's metallics, custom designs, or the polished concrete look.

- ▶ **Liquid Crystal** - Clear, High-gloss Topcoat - 12 Litres
- ▶ **Liquid Marble** - Clear Topcoat for Marble Finish - 12 Litres
- ▶ **Effect Pigment Pot** - Metallic Pigment in 15 Colours - 120g

BEAUTIFUL DECORATIVE FINISHES

When to use Ezy epoxy:

If you're looking for versatile, better-quality epoxies. A proper rollcoat that's ideal for flake and non-slip; and a clear, low-viscosity subfloor resin that isn't cheap and nasty.

- ▶ **Clear** - Versatile Subfloor Resin - 12 litres
- ▶ **Rollcoat** - Tintable, Flake/Non-slip/Plain Colour - 12 litres

VERSATILE, BETTER QUALITY

When to use Ezy poly:

For an easy-to-use polyurethane that applies more like an epoxy. No smell, high-build, long working time - one coat and you're done!

- ▶ **Ezy poly** - Solventless, One-pack Polyurethane - 5 litres
- ▶ **Matte** - Stir-in Matting Agent - 700mL
- ▶ **Pigment Pot** - Solid-colour Pigment in 4 Colours - 320mL

EASY-TO-USE, NO-SMELL POLYURETHANE

When to use Jaxxon:

Performance in the toughest of conditions. With exceptional resistance to moisture, impact and aggressive chemicals, these coatings go where others can't.

- ▶ **1335** - Clear Primer, Sealer and Binder - 12 litres
- ▶ **1505** - Tintable, Smooth Protective Floor Coating - 12 litres
- ▶ **1525** - Tintable, Kevlar®-reinforced Floor Coating - 12 litres
- ▶ **1545** - High Chemical Resistance Floor Coating - 12 litres

HANDLES THE TOUGH STUFF

BROADCAST, MIX IN, PATCHING

Real World Epoxies offers a wide range of flake, non-slip and stir-in additives in pre-measured quantities for easier, more convenient use.

- ▶ **Resin Vinyl Flake** - 6mm Vinyl Flake in 8 Colours - 10kg
- ▶ **Resin Granite Flake** - Crushed Vinyl Flake in 8 Colours - 10kg
- ▶ **Resin Grip HD** - White Aluminium Oxide #30, #46 and #60 - 20kg
- ▶ **Filler** - Silica-free Powder Additive - 15kg
- ▶ **TD Agg** - Aggregate Blend for Screeds - 18.30kg
- ▶ **Slurry Mix** - Aggregate Blend for Slurries - 20kg
- ▶ **Rustic Filler** - Aggregate Blend for Decorative Topping - 15.20kg
- ▶ **Cove Mix** - Aggregate Blend for Coving - 18.30kg
- ▶ **Ezypatch** - Lightweight Aggregate Blend for Patching - 5kg
- ▶ **Fix in Five** - Fast-cure Concrete Repair Compound - 500mL
- ▶ **Pigment Pot** - Solid-colour Pigment in Aust. Std. Colours - 640mL
